Case B (175)

Casing for Ajax devices

Compatibility	LineSplit Fibra LineProtect Fibra MultiRelay Fibra
Devices installation	**Number of devices** 2 To install a different number of devices, select a model with the appropriate number of slots: ● Case A (106); ● Case C (260); ● Case D (430). **Plastic latches** to secure devices Slide the latches to remove the device. **Cable fasteners** to hold the cables together with ties **Plastic stoppers** to protect the installed devices During drilling, the instrument rests on the Case stoppers. **Bubble level** To check the inclination angle of the casing during installation. **Recesses for drilling** Ø16 mm or Ø20 mm The drill bit is fixed in the recess and does not move during drilling. We recommend using a hole saw for plastic. **Wider holes** To ensure that the casing is installed correctly, even if there are errors during installation.
Key features	**Tamper board** Included in the Case complete set. The tamper board connects to the appropriate connector of one of the devices and protects the installed devices from sabotage.

	Rotate devices by 180° The devices can be rotated by 180°, giving two options for fixation. **Holding screws** in the casing lid **Rotate the lid** by 180° The lid of Case B (175) can be rotated by 180° during installation. **Latches** to secure the lid during installation The latches prevent the lid from falling off Case until it is secured with screws.
Recommendations	The device is designed for indoor use only. Case is produced in several versions.
Product	**Dimensions** 175 × 225 × 57 mm 6.89" × 8.86" × 2.24" **Weight** 414 g 14.6 oz **Operating temperature range** from −10 °C to +40 °C from 14 °F to 104 °F **Operating humidity** up to 75% **Protection class** IP20
Colours	**Black** **White**
